

RESOLUTION NO. 84-196

A RESOLUTION CHANGING THE NAME OF THE AIRPORT
FROM LAS CRUCES CRAWFORD AIRPORT TO LAS CRUCES
INTERNATIONAL AIRPORT.

The City Commission is informed that:

On December 22, 1983, the United States Customs Service designated the Las Cruces Crawford Airport eligible to accept foreign arrivals for customs clearance purposes.

As their designation is granted on a trial basis and as permanent designation is dependent on the relative success of the airport in developing users of the designation, it is necessary to market the designation on as wide a basis as possible.

An instrumental way to market the landing rights designation is to have the international status denoted in the name of the airport.

The Airport Advisory Board of the City of Las Cruces recommends such a name change, however, the Board advises that the terminal building at the airport should be formally named the Crawford Terminal to honor the memory of one of New Mexico's greatest aviators, Bob Crawford.

THEREFORE, the City Commission of the City of Las Cruces, New Mexico, resolves, determines and orders as follows:

I.

THAT the Las Cruces Crawford Airport will henceforth be called Las Cruces International Airport or until such time that the landing rights designation is revoked.

II.

THAT the terminal building at the airport be named the Crawford Terminal Building in memory of one of the founders of general aviation in New Mexico, Bob Crawford.

III.

THAT city staff be directed to take the necessary actions which will allow this name change to be made known in the aviation community.

DONE AND APPROVED this 19 day of March, 1984.

Mayor
